For registered horses to be ridden by Adult, Associate or Junior Members. The starting order must be drawn.

The course is divided into two sections. The first or power section consists of five to seven obstacles of progressively increasing severity designed to test power and precision at each obstacle individually. This section is jumped as an Accumulator competition in accordance with Rule 274 not against the clock with a time limit of two minutes.

On completion of the power section the bell will be rung if the competitor has NOT scored the maximum possible number of points over this section. The competitor must then retire. Rule 279. Table A. Speed 0mpm. Start Height 1.30m.

For registered horses to be ridden by Adult, Associate or Junior Members.

The course for this competition comprises six vertical obstacles placed in a straight line with two non-jumping strides between each obstacle. In indoor arenas, the first two obstacles may be placed on one straight line and the last four obstacles on a different straight line. The top element of each obstacle must be a pole.

No obstacle may be set at a lower height than the obstacle preceding it. The competition is judged under Table A not against the clock with a time limit of two minutes.

In the event of a disobedience, the competitor must restart the course at the obstacle where the error occurred, but may make his/her approach at an angle from outside the space between the obstacles and is not required or allowed to take any of the previous obstacles again.

If an obstacle is disturbed as the result of a disobedience, the procedure in Rule 251.4 must be applied, but no time penalty is incurred.

#### DRAWN ORDER

Rule 282. Table C. Start Height 90cm

For registered horses to be ridden by Adult, Associate or Junior Members.

This competition is for teams of two or more competitors as stated in the schedule. The competition is judged under Table C and the starting order must be drawn.

All members of the team enter the arena together. The first competitor jumps the course and having jumped the last obstacle passes the baton (or whip) to the next member of the team, who then jumps the course and so on. Failure to pass the baton incurs elimination.

If a competitor makes an error for which the normal penalty is elimination, the bell is rung and the next member of the team takes over the baton and completes the course before starting his/her own round. If the last competitor in the team makes such an error, the first member of the team takes over and so on.

If the baton is dropped, the competitor must dismount (without penalty) recover the baton and remount before continuing his/her round or passing the baton to the next member of the team. Failure to do so incurs elimination.

The first competitor only of each team is required to cross the starting line and the last competitor only of each team to cross the finishing line.

The team time is the time from the first competitor crossing the starting line to the last competitor crossing the finishing line minus interrupted time plus time penalties.
