Points are awarded as follows:

One point for obstacle No. 1 cleared, two points for No. 2, three points for No. 3 etc. with total of 21, 36 or 55 points.

No point is awarded for an obstacle knocked down. Faults other than knock-downs are penalised as for Table A and any of these faults, including time faults, are converted into points and deducted from any jumping points scored.

In the event of equality of points for first place, there will be a jump-off against the clock over a shortened course, over obstacles that may be increased in height and/or spread. The obstacles in the jump-off must be jumped in the same order as in the first round and retain their respective points allotted in the first round.

This competition may also take place directly against the clock.

For the last obstacle of the course, an alternative obstacle may be provided, of which one part may be designated the Joker. The Joker must be more difficult than the alternative obstacle and carry double points. If the Joker is knocked down, the points must be deducted from the total.
